

## Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Containers

Genus	Cultivar	New**	8/12H*	8/12W*	9/20H*	9/20W*	Comments late September by Coordinator and Research Associate***/ Summarized Flowering Data for Entire Season
Achillea ptarmica	Gypsy White		9	16	14	20	Vigorous plant, many flowers, still very showy/ Flowered strongly after planting through the end of September
Alcea rosea annua	Spring Celebrities Lilac	New	35	17	35	23	Vigorous plant, many flowers, slight rust/ Flowered strongly from mid-August through the end of September
Alcea rosea annua	Spring Celebrities Pink	New	27	16	29	17	Vigorous plant, many flowers, slight rust, fewer blooms than 'Lilac'/ Flowered strongly from early August through the end of September
Angelonia	AngelMist Spreading Purple Improved	New	16	16	16	22	Vigorous plant, moderate flowering/ Flowered strongly after planting through mid-September
Angelonia	Carita Cascade Deep Pink		19	16	18	22	Vigorous plant, uniform, no flowers/ Flowered strongly after planting through mid-September
Angelonia	Carita Cascade Deep Purple		15	19	19	25	Vigorous plant, no flowers/ Flowered strongly after planting through mid-September
Angelonia	Carita Cascade White 09		17	16	21	16	Vigorous plant, few flowers, uniform/ Flowered strongly after planting through mid-September
Argyranthemum	Angelic Fuchsia	New	10	11	10	12	Few flowers, uniform/ Flowered strongly after planting through mid-August
Argyranthemum	Angelic Lemon Pastel	New	9	11	10	14	Vigorous plant, few flowers/ Flowered strongly after planting through early August
Argyranthemum	Glory White	New	11	11	11	14	Vigorous plant, few flowers/ Flowered strongly after planting through mid-August
Argyranthemum	Reflection Pink		18	13	18	18	Few flowers, non-uniform/ Flowered strongly after planting through late August
Argyranthemum	Reflection Yellow Cream		20	21	21	21	Few flowers, non-uniform, some lodging/ Flowered moderately to strongly after planting through mid-September
Argyranthemum	Sassy Compact Dbl White	New	11	12	12	15	Vigorous plant, few flowers/ Flowered moderately after planting through early September
Argyranthemum	Sassy Compact Yellow	New	9	12	9	12	Few flowers, very compact, some flowers are hidden/ Flowered strongly after planting through mid-September
Bacopa	Bahia Blanca	New	12	24	12	26	High vigor, moderate flowering, flowers are on top of the plant as well as on edges/ Flowered strongly after planting through beginning of September
Bacopa	Bahia Lavender Blue	New	8	22	9	27	Average overall appearance/ Flowered strongly from late July through late August
Bacopa	Bahia White	New	9	28	10	29	High vigor, few flowers/ Flowered moderately to strongly after planting through beginning of September

\*All measurements in inches.

\*\*New for the 2010 season.

\*\*\*Comments are on first line followed by Flowering Data on second line.

## Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Containers

Genus	Cultivar	New**	8/12H*	8/12W*	9/20H*	9/20W*	Comments late September by Coordinator and Research Associate***/ Summarized Flowering Data for Entire Season
Bacopa	Bahia White Night	New	7	31	17	32	High vigor, few flowers/ Flowered moderately to strongly after planting through beginning of September
Bacopa	Calypso Jumbo White 09		9	21	8	24	Moderate vigor, moderate flowering, flowers are on top of the plant as well as on edges/ Flowered strongly from mid-July through mid-September
Bacopa	Double Blue	New	19	25	19	25	Moderate vigor, few flowers/ Flowered moderately/weakly from late July through the end of September
Bacopa	Double Pink Pearl	New	11	26	11	26	High vigor, moderate flowering, small flowers/ Flowered moderately to strongly after planting through the end of September
Bacopa	Double White	New	8	28	14	28	High vigor, few flowers, upright habit/ Flowered moderately/weakly after planting through the end of September
Bacopa	Great Pink Crown	New	8	24	9	25	High vigor, moderate flowering, large pink flower/ Flowered moderately to strongly after planting through beginning of September
Bacopa	Gulliver Blue	New	8	24	12	29	High vigor, many flowers, great true purple/ Flowered moderately to strongly after planting through the end of September
Bacopa	Gulliver Blue Sensation		10	21	11	26	High vigor, many flowers, large flowers/ Flowered moderately to strongly after planting through the end of September
Bacopa	Gulliver Dynamic White	New	10	28	9	29	High vigor, few flowers/ Flowered strongly after planting through late August
Bacopa	Gulliver Lilac		8	23	8	28	High vigor, many flowers, majority of flowers are around the edges/ Flowered strongly from mid-July through early September
Bacopa	Gulliver Silver	New	10	24	19	25	High vigor, few flowers/ Flowered moderately to strongly after planting through beginning of September
Basil	Floral Spires Lavendar	New	19	13	23	22	Vigorous plant, many flowers, uniform/ Flowered strongly after planting through the end of September
Basil	Floral Spires White	New	19	16	22	19	Vigorous plant, few flowers, uniform, mostly green stalks/ Flowered moderately to strongly from early July through mid-September
Begonia	Amstel Carneval	New	13	13	14	15	Vigorous plant, many flowers, unique color, very showy/ Flowered strongly after planting through the end of September
Begonia	Bonfire		12	18	18	35	High vigor, many flowers, covers entire container/ Flowered strongly after planting through the end of September
Begonia	Bonfire Choc Pink	New	16	14	19	22	High vigor, many flowers, unique foliage color/ Flowered moderately to strongly from late July through the end of September
Begonia	Bonfire Choc Red	New	25	19	32	30	High vigor, many flowers/ Flowered strongly after planting through the end of September

\*All measurements in inches.

\*\*New for the 2010 season.

\*\*\*Comments are on first line followed by Flowering Data on second line.

## Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Containers

Genus	Cultivar	New**	8/12H*	8/12W*	9/20H*	9/20W*	Comments late September by Coordinator and Research Associate***/ Summarized Flowering Data for Entire Season
Begonia	DragonWing Red		25	18	34	30	Vigorous plant, many flowers, very showy/ Flowered strongly from mid-July through the end of September
Begonia	Gryphon	New	21	22	25	24	Vigorous plant, nice foliage, no flowers/ Grown for foliage
Begonia	Million Kisses Devotion	New	5	7	11	19	Low vigor, few flowers/ Flowered weakly/moderately in September. Didn't flower rest of season due to slow establishm
Begonia	Million Kisses Elegance	New	13	13	16	18	High vigor, many flowers/ Flowered moderately to strongly after planting through the end of September
Begonia	Million Kisses Romance	New	19	17	19	29	Average overall appearance, large flowers/ Flowered strongly after planting through mid-September
Begonia	Rhine Dragone		14	10	15	16	Vigorous plant, many flowers, very showy/ Flowered strongly after planting through the end of September
Begonia	Rhine Nadine		13	14	16	14	Vigorous plant, many flowers, unique color, very showy/ Flowered strongly after planting through the end of September
Begonia	Rhine Red Baron	New	14	14	17	15	Vigorous plant, many flowers, very showy/ Flowered strongly after planting through the end of September
Begonia	Sherbet Bon Bon		8	12	8	14	High vigor, many flowers, slow to establish/ Flowered moderately to strongly after planting through the end of September
Begonia semperflorens	Sprint Appleblossom		11	10	14	16	Vigorous plant, many flowers, uniform/ Flowered strongly after planting through the end of September
Begonia semperflorens	Tequila		12	9	13	10	Many flowers, uniform/ Flowered strongly after planting through the end of September
Bidens	Bidy Gonzales		19	19	20	27	Vigorous plant, many flowers, uniform/ Flowered moderately to strongly after planting through the end of September
Bidens	Namid Golden Eye		21	17	20	28	Moderate flowering, extremely vigorous/ Flowered moderately to strongly after planting through the end of September
Bidens	Yellow Charm		13	15	13	19	Few flowers, uniform/ Flowered strongly after planting through mid-September
Bracteantha	Mohave Autumn Bronze		17	15	-	-	80% of plants are dead/ Flowered strongly after planting through early September
Bracteantha	Mohave Dark Rose Evol.	New	16	14	17	14	Average overall appearance/ Flowered strongly after planting through the end of September
Bracteantha	Outback Petite Beauty		14	14	14	16	Moderate flowering, compact growth habit/ Flowered strongly after planting through the end of September

\*All measurements in inches.

\*\*New for the 2010 season.

\*\*\*Comments are on first line followed by Flowering Data on second line.
