

Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Containers

Genus	Cultivar	New*	7/11 H"xW"	8/8 H"xW"	Comments from late September by Coordinator and Research Associate/** Summarized Flowering Data for Entire Season
Agave	Ray of Light		2x5	4x7	Stunted, low vigor, no blooms/ Did not bloom at all during the growing season but grown as an annual for foliage
Anagallis	Angie Orange		14x36	15x40	Vigorous, few flowers, non-uniform, a little leggy/ Bloomed strongly until mid-September when flowering became sparse
Angelonia	Carita Cascade Deep Purple		13x34	13x35	Uniform, 25% bloom/ Flowered moderately after planting, then peaked in August and declined to moderate flowering at the end of September
Angelonia	Carita Cascade White 09		8x21	16x27	Vigorous, minimal blooms in center, 40% bloom/ Flowered moderately after planting, then strongly from August through September
Angelonia	Carita Purple 09		12x28	22x32	Very vigorous, uniform, 50% bloom/ Flowered moderately after planting, then peaked in August and declined to moderate flowering at the end of September
Angelonia	Carita White 09		14x25	9x28	Vigorous, 50% bloom, uniform/ Flowered moderately after planting, then strongly from August through September
Bacopa	Abunda Colossal Blue	New	12x32	12x36	Vigorous, moderate flowering/ Bloomed intermittently throughout the season, rarely prolific with the weakest display in early August
Bacopa	Calypso Jumbo White 09		6x31	8x36	Vigorous, few flowers/ Bloomed strongly until mid-September when blooms declined to moderate amount
Bacopa	Taifun White Wedding		7x30	8x35	Vigorous, few flowers/ Bloomed strongly until September when blooms declined to moderate amount
Begonia (hiemalis)	Bliss Deep Red	New	6x17	9x20	Average overall appearance/ Bloomed strongly from late July through the end of the season
Begonia (hiemalis)	Bliss Orange	New	6x16	10x21	Average overall appearance/ Bloomed strongly from late July through the end of the season
Begonia (hiemalis)	Bliss Pink Shades	New	8x20	11x23	Many flowers, moderate vigor/ Bloomed strongly from mid-July through the end of the season
Begonia (hiemalis)	Bliss Scarlet	New	8x20	10x22	Vigorous, moderate flowering/ Bloomed strongly from mid-July through the end of the season
Begonia (hiemalis)	Bliss White	New	5x7	5x10	Non-uniform, moderate flowering/ Bloomed sparsely until early-August when blooms peaked and then maintained moderate amount until mid-September when blooms peaked again
Begonia (hiemalis)	Bliss Yellow	New	7x19	9x22	Vigorous, many flowers/ Bloomed intermittently until reaching full amount at the end of August through September
Begonia (hiemalis)	New Star Red		9x20	17x24	Vigorous, many flowers/ Bloomed strongly from late July through the end of the season

*New for the 2011 season.

*IMPR for the 2011 season.

Size Data, End-of-Season Comments and Flowering Data for Varieties Grown in Containers

Genus	Cultivar	New*	7/11 H"xW"	8/8 H"xW"	Comments from late September by Coordinator and Research Associate/** Summarized Flowering Data for Entire Season
Dahlia	Long Life Jacqui - pink	New	12x27	15x31	Foliage relatively healthy, no blooms, non-uniform/ Bloomed moderately until late July when peak bloom occurred then tapered off with a weak show from mid-August through September
Dahlia	Long Life Panuco - yellow	New	8x23	10x23	Non-uniform, some mite damage, 25% bloom/ Bloomed strongly through early August and then intermittently at moderate amount until the end of September
Dahlia	Long Life Pecos - white	New	12x28	12x28	A few blooms left, severe mite damage, open in center/ Bloomed strongly after planting until early August when blooms tapered to moderate amount with a weak showing at the end of September
Dahlia	Long Life Sabinas - orange	New	7x22	8x26	50% bloom, non-uniform, some dieback in center/ Peak bloom occurred at moderate amount in mid-late July with sparse blooms for the rest of the season
Dahlia	Long Life Yukon - bicolor rose	New	8x19	11x24	A few blooms, non-uniform, open in center/ Peak bloom occurred at moderate amount through July with sparse blooming for the rest of the season
Dahlia	XXL Benito		24x29	25x38	50% bloom, 25% dead, lodging, broken stems, some mildew/ Bloomed strongly throughout the entire season
Dahlia	XXL Durango		19x29	20x30	Severe mildew & mite damage, lodging, broken stems, 50% bloom/ Bloomed strongly throughout the entire season
Dahlia	XXL Hidalgo		21x35	21x35	50% bloom, 25% dead, lodging, broken stems, some mildew/ Bloomed strongly until September when blooms became intermittent
Dahlia	XXL Mayo		26x32	26x37	Full bloom, severe lodging, stem breakage, powdery mildew/ Bloomed strongly from mid-July through the end of the season
Dahlia	XXL Paraiso		24x33	26x48	Severe powdery mildew, 25% bloom, lodging, broken stems/ Bloomed strongly through early August and then intermittently through the end of the season
Dahlia	XXL Playa		21x35	24x36	Severe mildew & mite damage, lodging, broken stems, 50% bloom/ Bloomed strongly through early August, then bloomed moderately through the end of the season
Dahlia	XXL Rojo Paramo		17x23	18x34	40% dead, 50% bloom, lodging, broken stems, some powdery mildew/ Bloomed strongly from mid-July through early August and then again from late August-early September with intermittent blooms for the rest of the season
Dahlia	XXL Veracruz		21x26	25x36	No blooms, foliage relatively healthy, some lodging & stem breakage/ Bloomed strongly from early July through early August with no blooms after mid-August
Dianthus	Garden Spices Fuschia	New	15x20	15x26	75% bloom, non-uniform, does not fill out pot well/ Bloomed strongly until mid-August when blooms decreased to moderate amount
Diascia	Darla Deep Salmon 11		9x22	12x26	Full bloom, non-uniform, lodging/ Peak bloom occurred from mid-July through the end of August with a moderate showing in September

*New for the 2011 season.

*IMPR for the 2011 season.

Pansy	Plentifall Purple Wing	New	9x23	9x24	Low vigor, few flowers/ Bloomed strongly from the end of July until September when flowering became sparse
Pansy	Plentifall White Improved	New	9x21	10x26	Many flowers, non-uniform/ Bloomed strongly throughout the entire season
Pennisetum	Skyrocket		20x41	36x42	Vigorous plant, many flowers, uniform, unique color/ Grown for foliage, but bloomed strongly from the end of July through the end of the season
Petchoa	SuperCal Pink Ice		10x34	10x34	Vigorous, moderate flowering/ Bloomed strongly from mid-July through mid-September before declining to moderate amount
Petunia (veg-spreading)	Baby Purple		10x37	10x56	Vigorous, few flowers, uniform/ Bloomed strongly until September when blooms declined to moderate amount
Petunia (veg-spreading)	Bingo Blue		17x38	18x50	Vigorous, few flowers, non-uniform/ Bloomed strongly until September when blooms declined to moderate amount
Petunia (veg-spreading)	Bingo Purple		12x33	10x38	Vigorous, few flowers, too leggy/ Bloomed strongly until September when flowering became sparse
Petunia (veg-spreading)	Bingo White		14x33	14x44	Vigorous, non-uniform, moderate flowering/ Bloomed strongly until early September when bloom amount declined to moderate
Petunia (veg-spreading)	Black Velvet	2011	15x34	15x38	Few flowers, a little leggy/ Bloomed strongly until mid-September when blooms declined to sparse flowering
Petunia (veg-spreading)	Blue Veined		9x38	9x46	Vigorous, few flowers/ Bloomed strongly until September when blooms became sparse
Petunia (veg-spreading)	Phantom	2011	16x36	13x46	Vigorous, moderate flowering/ Bloomed strongly throughout the entire season
Petunia (veg-spreading)	Picnic Light Pink		11x27	11x33	Average overall appearance and flowering/ Bloomed strongly throughout most of the season and tapered off in September
Petunia (veg-spreading)	Picnic Purple	New	11x33	12x36	Few flowers, moderate vigor/ Bloomed strongly until mid- September when blooms became sparse
Petunia (veg-spreading)	Picnic Rose		14x30	14x40	Few flowers, non-uniform/ Bloomed strongly until September when blooms became sparse
Petunia (veg-spreading)	Picnic Violet	New	9x29	10x34	Few flowers, non-uniform/ Bloomed strongly until mid-September when flowering became sparse

*New for the 2011 season.

*IMPR for the 2011 season.
